*excl. taxes

Tickets

Startup	250 €
Investor	550 €
Company	600 €
Academia	80 €

All prices excl. taxes

Who we are and what we do

The German Association for Synthetic Biology e.V. (GASB) was founded to establish the emerging field of Synthetic Biology as a key discipline in Germany.

To connect the community, GASB hosts a variety of events catering to all levels: From educational projects in school, to conferences, and industry events - GASB acts as a link between all areas of Synthetic Biology.
